§3133. PURCHASE OF TRANSMISSION CAPACITY PROHIBITED WITHOUT PRIOR ORDER OF THE COMMISSION

1. Commission approval required for purchases. The utility or utilities shall file with the commission, no less than 2 months in advance of submitting its petition for a certificate of public convenience and necessity for the proposed purchase, a notice of its intent to file the petition. The notice must inform the commission of the terms of the proposed purchase and, after receiving the notice, the commission may, by rule or otherwise, require the petitioner to make available such additional information as it determines necessary. The commission may waive the requirement that at least 2 months' advance notice be given. The commission shall rule on any request for waiver within 60 days. If there is then outstanding for the utility a long-range plan approved pursuant to section 3134, the utility need not provide an advance notice of its intent to file the petition.

The utility or utilities may, at the time of the filing of notice of its intent to file the petition, request the commission to waive all or a portion of the filing fee. The commission shall rule on a request for waiver within 30 days.

Filing fees paid as required by this subsection must be segregated, apportioned and expended by the commission for the purposes of this section.
